Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. **STATEMENT OF UNINTENTIONAL ABANDONMENT**

Dear Sir:

This statement is to explain the delays, which has caused this application to be abandoned. The application was abandoned for failure to respond to a Notification of Non-Compliant Appeal Brief. The examiner in this case called me about the case and informed me that there was an action in which I had failed to respond. After an investigation I noticed that this notification had been sent on September 29, 2006. This notice did not have the complete docket number for this case, which may have contributed to the failure my office to recognize it. Even though this notification was mailed to the proper address, I was not aware of it until informed by the examiner. The reply to this notice is quite simple and only takes a few minutes to prepare a response. Had I been aware of it, it would have been immediately handled. We have supplied the required information in this response. Thank you in advance for your consideration in this matter.

Respectfully submitted,

Darcell Walker
